

Conductive Pry Bar

Product Description

Black conductive pry bar is made of high-quality conductive material, with precise resistance control, and pointed design for fine operation.

Product Advantages

- Excellent Conductive Performance
- Precise And Controllable Resistance
- Black Appearance Dirt Resistant And Durable
- Pointed Design Suitable For Fine Operation
- Packaged For Easy Storage

◆ Product Structure

Integrally formed, the pointed part is precision ground, the rod is uniform in thickness, comfortable to hold, conductive material runs through the whole body, and not easy to deform.

◆ Application Scenarios

It is suitable for electronic maintenance, semiconductor manufacturing and precision instrument assembly to pry and disassemble components and release static electricity.

◆ Technical Features

Rod Body: Conductive Plastic, Strong Conductivity

Pointed Head: Wear Resistant Metal, Moderate Hardness

Surface: Antistatic Coating, Not Easy To Dust

Overall: Corrosion Resistant Material, Durable

Packaging: Moisture Proof Material, Easy To Store

Item#	Color	Weight	Packaging
1.2.07.01.0006	Black	0.25kg	100pcs/bag
