

## Anti-Static Cleaner

### ◆ Product Description

This anti-static cleaner is acl-6001 model, with standard spray head, dual functions of cleaning and anti-static, strong decontamination, no residue, easy to use, quickly cleaning and eliminating static electricity.

### ◆ Product Advantages

- A Acl-6001 Model, Reliable Quality And Guaranteed
- Standard Spray Head, Easy To Use And Time-saving
- Cleaning And Anti-static, Dual Functions In One
- Strong Decontamination, Clean Without Residue
- Suitable For Multiple Materials, Strong Versatility

### ◆ Product Structure

It is a liquid cleaning structure, equipped with a special spray head, uniform liquid texture, integrated decontamination and anti-static components, fine and uniform spray, volatile without residue for multi-material cleaning.

### ◆ Application Scenarios

It is suitable for electronic equipment, precision instruments, laboratories and computer rooms, used for cleaning surface stains and eliminating static electricity to protect equipment and ensure safe operation.

### ◆ Product Data and Physical Performance

Main Material: Professional Cleaning Formula, Strong Decontamination.

Anti-static Performance: Quickly Remove Static Electricity, Long-lasting Effect.

Usage Performance: Standard Spray Head, Uniform Spray.

Compatibility Performance: Suitable For Multiple Materials, No Damage.

Cleaning Performance: No Residue, More Thorough Cleaning.
