

Ptfe Tape

◆ Product Description

This ptfе tape is 12mmx0.1mmx10m, with excellent sealing performance, smooth winding and not easy to break, suitable for various pipe interface sealing with reliable leak-proof effect.

◆ Product Advantages

- Regular Specification, Smooth Winding And Not Easy To Break
- Excellent Sealing Performance, Reliable Leak-proof Effect
- Wide Adaptability, Compatible With Various Pipe Interfaces
- Flexible Texture, Winding Fit And Not Easy To Fall Off
- 10m Length, Meet Batch Installation Needs

◆ Product Structure

It is a strip structure with 12mmx0.1mmx10m, made of high-quality sealing material, flexible and thin, closely wound to ensure sealing and leak-proof.

◆ Application Scenarios

It is suitable for hydropower installation, pipeline maintenance, hardware connection and chemical pipelines, used for pipe interface sealing to prevent gas and liquid leakage.

◆ Technical Features

Main Material: High-quality

Polytetrafluoroethylene, Excellent Sealing Performance

Size Feature: 12mm Wide, 0.1mm Thick, 10m Long And Regular

Flexibility Performance: Flexible Texture, Winding Fit And Not Easy To Break

Sealing Performance: Leak-proof And Corrosion-resistant, Durable Sealing Effect

Usage Performance: Easy To Cut And Wind, Suitable For Various Interface Installation

Item#	Weight	Packaging
1.2.13.09.0058	1.8kg	10M/roll
