

Glass Syringe

◆ Product Description

This glass syringe is made of glass material, fine-mouth design with needle, capacity suitable for daily use, clear scale, good sealing, accurate extraction, easy to operate for liquid extraction and injection.

◆ Product Advantages

- Glass Material, Transparent And Easy To Check, No Pollution
- Fine-mouth Design + Needle, Accurate Extraction And Injection
- Clear Scale, Accurate Dosage Control
- Good Sealing Performance, No Liquid Leakage
- Easy To Operate, Simple And Fast To Get Started

◆ Product Structure

It is a glass syringe structure, fine-mouth design with special needle, transparent syringe with clear scale, smooth push rod, good sealing, neat structure for accurate extraction and injection of small liquid

◆ Application Scenarios

It is suitable for laboratories, medical treatment, chemical industry and maintenance, used for extraction, injection and refueling of small amounts of liquid, fine-mouth + needle design accurate, glass material no pollution

◆ Product Data and Physical Performance

Main Material: Glass Material, Transparent And No Pollution

Scale Performance: Clear Scale, Accurate Dosage Control

Sealing Performance: Tight Sealing, No Liquid Leakage

Operation Performance: Smooth Push Rod, Easy To Operate

Adaptability Performance: Fine-mouth + Needle, Accurate Adaptation

| Item | Weight | Packaging |
|----------------|--------|-----------|
| 1.2.16.00.0052 | 0.05kg | 1pcs/box |
