

Wired Power Strip

◆ Product Description

Two specifications of national standard power strips with independent switches, 4-outlet and 5-outlet options, single outlet independent control for energy saving, 3-meter extended cord, classic blue and white color, CCC certified, suitable for multi-device zoned power supply.

◆ Product Advantages

- Independent Zone Control Switch
- Classic Blue And White Color
- CCC Safety Certification
- Extended Power Cord
- Integrated Copper Strip Conductor

◆ Product Structure

Adopts blue and white flame-retardant shell with integrated copper strip conductor, each outlet with independent switch and indicator light, 3-meter power cord with integrated molding, reasonable outlet spacing fits all sizes of power plugs.

◆ Application Scenarios

Suitable for multi-device independent power supply, office workstation zoned power use, home appliance separate power off management, independent switch cuts power without unplugging, energy saving, improves electrical safety and convenience.

◆ Product Data and Physical Performance

Shell Material: Flame-Retardant Engineering Plastic

Conductive Material: Integrated Copper Strip

Outlet Specification: 4-Outlet, 5-Outlet Optional

Rated Parameter: 250V/10A/2500W

Safety Certification: CCC Certified

Item#	Model	Weight	Packing
