

Wired Power Strip

◆ Product Description

Three-outlet national standard power strip with master switch, 1.8-meter moderate power cord, one-key master switch, CCC certified, flame-retardant shell with stable conduction, suitable for short-distance desktop power expansion and daily use.

◆ Product Advantages

- Three Outlet Configuration
- Master One-Key Switch
- CCC Safety Certification
- Moderate Short Cord Design
- Flame-Retardant Safe And Durable

◆ Product Structure

Adopts flame-retardant engineering plastic shell with integrated copper strip conductor, master switch with power indicator, 1.8m power cord with integrated molding, compact and reasonable outlet arrangement, small size without taking desktop space.

◆ Application Scenarios

Suitable for short-distance desktop power supply, digital device centralized charging, small countertop appliance power access, 1.8m cord avoids messy cables, master switch for one-key power off, neat and convenient to use.

◆ Product Data and Physical Performance

Shell Material: Flame-Retardant Engineering Plastic

Conductive Material: Integrated Copper Strip

Rated Parameter: 250V/10A/2500W

Cord Length: 1.8 Meters

Safety Certification: CCC Certified
