

File Tray

◆ Product Description

Three-grid inclined iron mesh file holder, forward tilt design for easy data extraction, thickened metal frame stable without deformation, surface rust-proof and wear-resistant treatment, classified document storage improves desktop office efficiency.

◆ Product Advantages

- Three-Grid Partition Design
- Forward Tilt For Easy Extraction
- Thickened Metal Frame
- Rust-Proof And Wear-Resistant
- Desktop Classified Storage

◆ Product Structure

Adopts integrated metal iron mesh and frame structure, three-grid inclined partition design, forward tilt angle conforms to access habits, thickened frame not easy to deform, stable bottom, overall transparent and not easy to accumulate dust.

◆ Application Scenarios

Suitable for office desktop common document classification, bill data storage, folder upright storage, newspaper and magazine sorting and other scenarios, inclined design for easy access, three-grid partition realizes data classification management.

◆ Product Data and Physical Performance

Main Material: Metal Iron Mesh

Partition Design: Three-Grid Inclined

Surface Treatment: Rust-Proof Spray Plastic

Frame Feature: Thickened Without Deformation

Packing Specification: 1Pc/Carton

Item#	Spec	Weight	Packing
1.3.11.02.0025	3-tier	0.25kg	1pcs/carton
