

ESD Card

Product Description

This anti-static card holder is made of transparent pvc material with three-side sealed long-side opening, qualified resistance and transparent design for card storage in anti-static working areas.

Product Advantages

- Transparent Pvc, Clear And Visible For Checking
- Three-side Opening, Convenient For Card Insertion
- Anti-static Qualified, Stable And Reliable Resistance
- Practical Protection, Protect Cards From Dirt And Damage
- Flexible Material, Durable And Not Easy To Deform

◆ Product Structure

It is a transparent anti-static card holder structure with three-side sealed long-side opening, flat and flexible pvc, convenient for card insertion with stable anti-static performance.

◆ Application Scenarios

It is suitable for electronics factories and clean laboratories, storing badges and cards without static hidden danger to meet anti-static area usage standards.

◆ Technical Features

Main Material: Transparent Anti-static PVC
 Structural Design: Three-side Sealed Long-side Opening
 Anti-static Resistance: $1.0 \times 10^4 - 1.0 \times 10^9 \Omega$
 Appearance Feature: Transparent And Visible
 Usage Performance: Wear-resistant And Scratch-resistant

Item#	Model	Weight	Packaging
1.3.11.05.0025	A4	0.25kg	10pcs/bag
1.3.11.05.0024	A3	0.25kg	10pcs/bag
