

ESD Stapler

Product Description

This ESD anti-static stapler is black, effectively dissipates static electricity, features smooth and labor-saving stapling, boasts a simple and durable design, and is suitable for anti-static workshops, electronic offices and other working environments.

Product Advantages

- ESD Anti-static, More Reliable Protection
- Black Appearance, Dirt-resistant And Easy To Clean
- Smooth Binding, Labor-saving And No Jam
- Qualified Resistance, Meet Anti-static Standards
- Sturdy And Durable, Suitable For Long-term Use

Product Structure

Made of black anti-static material, simple and smooth body, built-in anti-jam structure, labor-saving pressing, stable anti-static performance, comfortable to hold.

Application Scenarios

It is suitable for ESD anti-static workshops, electronics factories, clean rooms, semiconductor labs, for binding documents and avoiding static damage.

Technical Features

Main Material: ESD Anti-static Material

Color: Black

Static Resistance: $1.0 \times 10^5 - 10^9 \Omega$

Core Function: Anti-static + Document Binding

Structural Features: Anti-jam, Labor-saving Pressing
