

Iron File Cabinet

◆ Product Description

This iron file cabinet has a three-layer structure, made of iron plate, sturdy and wear-resistant, layered storage, dustproof and moisture-proof for office document storage.

◆ Product Advantages

- Three-layer Design, orderly Document Storage
- Iron Material, Sturdy, Wear-resistant And Deformation Resistant
- Dustproof And Moisture-proof, Well-preserved Documents
- Convenient Access, Improve Office Efficiency
- Simple Structure, Suitable For Various Office Areas

◆ Product Structure

It is a three-layer cabinet structure, firmly spliced iron plate, uniform load-bearing layer, good sealing, smooth opening for long-term document storage.

◆ Application Scenarios

It is suitable for offices and archives, used for layered storage of documents and files, three-layer design with clear classification to protect documents.

◆ Product Data and Physical Performance

Main Material: Cold Rolled Iron Plate, Sturdy And Wear-resistant

Storage Performance: Three-layer Partition, Regular Storage

Protection Performance: Dustproof And Moisture-proof, Protect Documents

Load-bearing Performance: Stable Layer Plate, Uniform Load-bearing

Durability Performance: Not Easy To Rust, Long Service Life
