

## Putty Paste

### ◆ Product Description

This putty paste is white with a newly upgraded 5x mold-proof formula, environmentally friendly and odorless, fine texture easy to scrape, strong adhesion, fast drying, not easy to crack and fall off for wall leveling.

### ◆ Product Advantages

- 5x Mold-proof, Long-term Inhibition Of Mold Growth
- Fine Texture, Smooth Scraping Without Particles
- Strong Adhesion, Not Easy To Crack And Fall Off
- Environmentally Friendly And Odorless, Safer Construction
- White Tone, Suitable For Various Wall Decoration

### ◆ Product Structure

It is a fine paste structure, composed of environmentally friendly base material and mold-proof components, uniform texture without caking, moderate fluidity, smooth surface after scraping, stable structure after drying.

### ◆ Application Scenarios

It is suitable for home decoration, industrial decoration, new house decoration and old house renovation, used for wall leveling, repair and decoration, mold-proof and durable to lay a good foundation for subsequent wall painting.

### ◆ Product Data and Physical Performance

Main Material: Environmentally Friendly Base

Material, Odorless And Pollution-free

Mold-proof Performance: 5x Mold-proof

Formula, Good Bacteriostatic Effect

Construction Performance: Fine Texture, Smooth Scraping

Adhesion Performance: Tight Fit, Not Easy To Fall Off

Drying Performance: Fast Drying Speed, Not Easy To Crack

Material Code	Weight	Packaging
1.4.24.01.1649	2.5kg	10kg/drum
