

Incubator

Product Description

Intelligent constant temperature incubator with precise temperature control and timing function, full english control and thailand standard three-pin plug.

Product Advantages

- Precise Temperature Control With Small Fluctuation
- Complete Intelligent Timing Function
- Clean Inner Cavity And Easy Maintenance
- Thai Standard Plug For Foreign Trade
- Uniform Constant Temperature For Good Culture Effect

◆ Product Structure

Double-layer heat insulation structure with good heat preservation, layered inner cavity, reasonable key layout, clear display and mute operation.

◆ Application Scenarios

It is used in biological laboratories and agricultural breeding for strain culture, seedling raising and microbial constant temperature cultivation.

◆ Technical Features

Cabinet: Cold Rolled Steel, Anti Rust Electrostatic Spraying

Inner Cavity: Food Grade Stainless Steel, Corrosion Resistant

Insulation Layer: High Density Cotton, Good Heat Retention

Temperature Control: Precision Sensor, Sensitive Control

Panel: Tempered Glass, Scratch Resistant And Easy To Clean

Item#	Model	Weight	Packaging
1.4.26.07.0001	LC-SPX-250B	72kg	Individually
