

Medical Refrigerated Cabinet

Product Description

Biobase single door medical refrigerator with constant low temperature, suitable for reagent and vaccine storage, full english control and us standard plug.

Product Advantages

- Constant Temperature Lock For Fresh Storage
- Medical Grade Suitable For Reagent And Vaccine
- Full English Interface For Foreign Trade
- Mute Operation And Energy Saving
- Us Plug Adapt To Multi Country Power

◆ Product Structure

Foam insulation box with good heat retention, odorless clean liner, layered shelf, microcomputer temperature control and tight door sealing.

◆ Application Scenarios

It is suitable for hospital laboratory and disease control center for constant temperature storage of biological reagents, vaccines and samples.

◆ Technical Features

Shell: Environmental Color Steel, Rust And Scratch Resistant

Liner: Food Grade Plastic, Odorless And Environmental

Insulation: High Density Foam, Strong Heat Retention

Compressor: Energy Saving Core, Stable Refrigeration

Door Seal: High Elastic Silicone, Cold Insulation Sealing
