

## Sterilizer

### Product Description

Biobase bkq-b75ii sterilizer with stainless steel chamber, rated working pressure 0.23mpa, power 4.7kw, full english operation, thailand type o plug, 10a/220v, suitable for low altitude environment.

### Product Advantages

- Stainless Steel Chamber Corrosion Resistant
- Stable And Efficient Working Pressure
- Full English Operation Professional And Standard
- Thailand Plug Standard Adaptation
- Sufficient Power For Thorough Sterilization

### ◆ Product Structure

The body has a rigorous structure, good sealing of stainless steel chamber, standard operation panel, clear english display, accurate pressure control, stable and durable overall, ensuring safe and efficient sterilization.

### ◆ Application Scenarios

Widely used in laboratories, hospitals, pharmaceutical enterprises for high temperature and high pressure sterilization of instruments, reagents, samples, suitable for various sterilization scenarios in low altitude areas.

### ◆ Technical Features

Chamber: Stainless Steel, Corrosion And High Temperature Resistant

Shell: High-Quality Metal, Strong And Scratch-Resistant

Sealing Parts: High-Quality Rubber, Good Sealing

Buttons: High Temperature Resistant Material, Durable And Easy To Operate

Pressure Gauge: Precision Material, Accurate Reading

Item#	Model	Weight	Packaging
1.4.26.09.0001	BKQ-B75II	78kg	Individually
