

Water Bath

Product Description

Biobase laboratory constant temperature water bath with precise temperature control, fast heating, corrosion resistant inner tank, full english operation and us standard plug.

Product Advantages

- Precise Temperature Control With Small Fluctuation
- Fast Temperature Rise And High Work Efficiency
- Inner Tank Corrosion Resistant And Easy To Clean
- Us Standard Plug Adapt To Export
- Uniform Constant Temperature And Heating Effect

Product Structure

Integrated seamless inner tank, heat insulation anti-scald shell, simple smart control panel, clear display and built-in waterproof heating parts.

Application Scenarios

It is widely used in laboratory, medicine and chemical industry for water bath heating, constant temperature dissolution and reagent standing.

Technical Features

- Inner Tank: Stainless Steel, Corrosion And High Temp Resistant
- Shell: Cold Rolled Steel, Rust Proof And Sturdy
- Heating Tube: Seamless Alloy, High Heat Conduction
- Temperature Controller: Smart Sensor, Sensitive Control
- Table Top: Anti Slip Corrosion Plate, Stable And Durable

Item#	Model	Weight	Packaging
1.4.26.10.0002	BK-S6	8kg	1set/carton
