

Electronic Analytical Balance

Product Description

Biobase ba2204en electronic analytical balance supports automatic timed internal calibration and one-key calibration, full english operation, us standard three-pin plug, 10a/220v, accurate and stable.

Product Advantages

- Automatic Calibration Accurate And Efficient
- Full English Operation With Strong Adaptability
- Us Standard Plug Standard Adaptation
- High Weighing Precision With Small Error
- Stable Operation And Good Durability
-

◆ Product Structure

The body has a compact structure, reasonable key layout for easy operation, clear and intuitive english display, strong power interface adaptability, overall design balances practicality and stability.

◆ Application Scenarios

Widely used in laboratories, scientific research institutions, quality inspection centers for sample weighing, accurate analysis, meeting various high-precision experimental weighing needs.

◆ Technical Features

Body: High-Quality Metal, Stable And Wear-Resistant

Buttons: Durable Material, Sensitive Touch

Display Panel: High-Definition Material, Clear Display

Sensor: Precision Components, Accurate Sensing

Power Interface: High-Quality Conductor, Stable Conduction

Item#	Model	Weight	Packaging
1.5.07.11.0080	BA2204EN	6.5kg	1set/carton
