

PH Meter

Product Description

Lichen lc-phs-3s ph meter with 0.01ph precision, supporting continuous/balance measurement, automatic temperature compensation and 50-group data storage, full english operation, thailand type o plug, 10a/220v.

Product Advantages

- High Measurement Precision With Small Error
- Multiple Measurement Modes For Flexible Adaptation
- Automatic Temperature Compensation For Higher Accuracy
- Thailand Plug Standard Adaptation
- Convenient And Practical Data Storage

Product Structure

The body has a compact structure, reasonable key layout for easy operation, clear and intuitive english display, strong power interface adaptability, and overall design balances practicality and stability.

Application Scenarios

Widely used in laboratories, water quality testing, chemical industry, medicine and other fields for accurate measurement of liquid ph and mv values, suitable for various precision testing scenarios.

Technical Features

- Body: High-Quality Metal, Stable And Wear-Resistant
- Buttons: Durable Material, Sensitive Touch
- Display Panel: High-Definition Material, Clear Display
- Sensor: Precision Components, Accurate Sensing
- Power Interface: High-Quality Conductor, Stable Conduction

Item#	Model	Weight	Packaging
1.5.07.11.0083	LC-PHS-3S	3kg	1set/carton
