

Vortex Mixer

Product Description

Biobase mx-s vortex mixer with adjustable speed 0-3000rpm, full english operation interface, us standard three-pin plug, 10a/220v, uniform mixing effect and stable operation for various sample mixing.

Product Advantages

- Wide Speed Range And Accurate Adjustment
- Uniform Mixing Without Dead Angles
- Full English Operation Professional And Convenient
- Us Standard Plug Standard Adaptation
- Lightweight Body Easy To Move
-

◆ Product Structure

The body has a small and compact design, reasonable operation panel layout, clear english display, sensitive and easy-to-operate buttons, stable power interface, stable overall structure and low operating noise.

◆ Application Scenarios

Suitable for biological laboratories, medical research, chemical testing and other scenarios for rapid mixing of liquid samples and reagents, meeting various experimental sample pretreatment needs.

◆ Technical Features

Body: High-Quality Engineering Plastics, Lightweight And Durable

Mixing Head: Elastic Rubber, Tight Fit

Buttons: Waterproof And Wear-Resistant, Comfortable Touch

Motor: Energy Efficient And Stable Operation

Base: Anti-Slip Material, Good Stability

Item#	Model	Weight	Packaging
