

Electronic Balance

◆ Product Description

This GX-10002A electronic balance is equipped with a Smart SHS sensor, featuring high precision and fast response. It supports internal calibration, is easy to operate, and provides stable performance, making it ideal for various analytical weighing applications.

◆ Product Advantages

- Reliable Quality And Guaranteed
- Smart Shs Sensor, High Precision And Small Error
- Fast Response, Short Stabilization Time And High Efficiency
- Support Internal Calibration, Convenient Operation And Easy To Learn
- Full Metal Structure, Wear-resistant, Durable And Impact-resistant

◆ Product Structure

It is a full metal integrated structure, with built-in smart shs sensor and internal calibration components, backlit lcd display and simple operation panel, compact for precise analysis weighing.

◆ Application Scenarios

It is suitable for laboratory analysis, scientific research testing, chemical experiments and food testing, used for precise weighing of various samples to improve the accuracy and efficiency of detection.

◆ Technical Features

Main Material: Full Metal Material
 Sensor Material: Precision Smart Shs Sensor
 Display Performance: Backlit Lcd Screen
 Precision Performance: Convenient Calibration
 Usage Performance: Strong Anti-interference

Item#	Model	Weight	Packaging
1.5.07.12.0004	GX-10002A	2.7kg	1set/carton
