

Spiral Protective Sleeve

◆ Product Description

This spiral protective sleeve is made of high-quality materials, with spiral winding design, closely fitting pipelines, effectively preventing wear, pull and aging, easy to install for various pipeline protection. .

◆ Product Advantages

- High-quality Pure Wool, Fine Polishing Spiral Winding, Fit Pipeline Without Loosening
- Wear-resistant And Anti-damage, Extend Pipeline Service Life
- Strong Flexibility, Adapt To Pipeline Bending And Deformation
- Easy To Install, No Complex Tools Required
- Anti-aging And Corrosion Resistant, Suitable For Complex Environments

◆ Product Structure

It is a spiral integrated structure, made of high-quality materials by spiral winding, regular texture, strong flexibility, closely fitting pipelines, stable structure for pipeline protection.

◆ Application Scenarios

It is suitable for industrial pipelines, automotive pipelines, home appliance lines and mechanical equipment pipelines, protecting pipelines from wear and pull to ensure normal use.

◆ Technical Features

- Main Material: High-quality Nylon
 Flexibility Performance: Excellent Flexibility
 Wear Resistance: Wear-resistant And Scratch-resistant
 Corrosion Resistance: Anti-aging And Corrosion Resistant
 Usage Performance: Closely Fitting
