

Automatic Tape Cutter

◆ Product Description

Automatic Tape Cutter (Model: BFN B-1000M), suitable for adhesive tape, supports manual/automatic tape feeding, with memory function and tape induction safety function, convenient and safe operation.

◆ Product Advantages

- Suitable for adhesive tape
- Manual and automatic dual modes
- With memory function
- Tape induction safety
- Easy operation

◆ Product Data and Physical Performance

Model: BFN B-1000M

Type: Automatic Tape Cutter

Adaptation: Adhesive tape

◆ Product Structure

Reasonable body design, built-in tape induction and memory modules, supports dual tape feeding mode switching, simple and easy-to-understand operation panel, precise cutting, adequate safety protection, suitable for long-term operation.

Item#	Model	Weight
1.5.17.00.0006	BFN B-1000M	2.4kg

◆ Application Scenarios

Suitable for cutting adhesive tape in electronics, packaging, hardware and other industries, dual tape feeding modes adapt to different operation needs, memory function saves operation, induction safety prevents misoperation.
