

Wool Polishing Buffing Head

◆ Product Description

This wool polishing head is cylindrical, made of high-quality pure wool, with fine and uniform polishing, not easy to scratch the workpiece surface, suitable for various polishing operations. .

◆ Product Advantages

- High-quality Pure Wool, Fine Polishing Without Scratches
- Cylindrical Design, Suitable For Multi-angle Polishing
- Soft And Tough, Fit Workpiece Without Damage
- Wear-resistant And Durable, Long Service Life
- Wide Adaptability, Compatible With Various Polishing Equipment

◆ Product Structure

It is a cylindrical integrated structure, made of high-quality pure wool tightly wound, uniform and thick texture, regular interface, suitable for various polishing equipment with stable structure.

◆ Application Scenarios

It is suitable for hardware processing, jewelry making, furniture polishing and metal products, used for fine polishing of various workpieces to improve surface smoothness..

◆ Technical Features

Main Material: High-quality Pure Wool
 Winding Material: High-strength Cord
 Polishing Performance: Fine And Uniform
 Wear Resistance: Wear-resistant And Not Easy To Shed Hair
 Usage Performance: Suitable For Various Rotation Speeds
