

Lead-Free Solder Paste

◆ Product Description

This no-clean soldering pen has two styles: flat brush and fine brush, with residue-free flux that requires no cleaning, good fluidity, uniform soldering, easy to operate for precision electronic soldering.

◆ Product Advantages

- No-clean Design, Residue-free And More Convenient
- Dual Brush Head Configuration, Suitable For Different Soldering Scenarios
- Smooth Soldering Assistance, Uniform Tin Coating Without Cold Solder
- Convenient Operation, Precise Control Of Dosage
- Eco-friendly And Odorless, Safe And Reliable To Use

◆ Technical Features

Pen Body Material: High-quality Engineering Plastics, Sturdy
 Brush Head Material: High-quality Fiber
 Flux Performance: No-clean And Residue-free
 Flux Output Performance: Uniform Output
 Usage Performance: Eco-friendly And Non-corrosive

◆ Product Structure

It is a pen-type integrated structure, equipped with flat and fine dual brush heads, built-in no-clean flux storage cavity, regular and easy-to-hold pen body for uniform and controllable flux output.

物料编码	型号	重量	包装方式
1.5.19.03.0043	BON-102D	0.06kg	独立包装
1.5.19.03.0044	BON-102	0.06kg	独立包装

◆ Application Scenarios

It is suitable for electronic maintenance, precision component soldering, circuit board soldering and manual diy, with dual brush heads to adapt to different solder joints and improve work efficiency.
