

## Cast Iron Hand Operated Oil Pump

### ◆ Product Description

This cast iron hand-operated oil pump is made of high-quality cast iron with a circular pump head, easy to operate by hand, high oil pumping efficiency and good sealing performance for various oils.

### ◆ Product Advantages

- Cast Iron Material, Sturdy, Wear-resistant And Corrosion-resistant
- Circular Pump Head, Smooth Oil Pumping Without Stuck
- Hand-operated, Convenient And Labor-saving Without Power Supply
- Excellent Sealing, Not Easy To Leak And More Worry-free
- Wide Adaptability, Can Transport Various Oils

### ◆ Product Structure

It is an integrated cast iron structure with a circular pump head and hand-operated parts, built-in sealing components, compact and stable for efficient oil transportation.

### ◆ Application Scenarios

It is suitable for factory workshops, warehouses, auto repair shops and agricultural machinery stations, manually pumping oil without power for various oil supply needs.

### ◆ Technical Features

Main Material: High-quality Cast Iron, Solid And Impact-resistant  
 Pump Head Material: Integrally Formed Cast Iron, Smooth And Wear-resistant  
 Sealing Performance: High-quality Seals, Good Leak-proof Effect  
 Transmission Performance: Smooth Hand-operated Transmission, Labor-saving And Efficient  
 Oil Resistance: Oil Corrosion Resistant, Suitable For Various Oil Transportation

Item#	Total Length	Weight	Packaging
1.5.45.00.0156	126CM	12.3kg	Individual
