

Smoke Exhaust Pipe

◆ Product Description

This smoke exhaust pipe is equipped with a regulating valve and a silicone cover, with smooth and efficient smoke exhaust, adjustable smoke volume, tight sealing, easy installation for various smoke exhaust scenarios.

◆ Product Advantages

- With Regulating Valve, Flexible Adjustment Of Smoke Exhaust Volume
- Silicone Cover Sealing, Leak-proof And Anti-smoke Backflow
- Smooth Smoke Exhaust, No Stuck Or Blockage
- Easy To Install, Suitable For Various Installation Scenarios
- High-quality Material, Wear-resistant, Temperature-resistant And Not Easy To Damage

◆ Product Structure

It is a tubular structure with a regulating valve and a silicone cover, regular pipe body, tight interface sealing, flexible valve operation, compact structure for smoke exhaust.

◆ Application Scenarios

It is suitable for kitchens, canteens, workshops and laboratories, used to discharge oil fume and waste gas, with regulating valve and silicone cover for clean environment.

◆ Technical Features

Main Material: High-quality Metal
 Regulating Valve Material: Wear-resistant Metal, Smooth Adjustment Without Stuck
 Silicone Cover Material: High-quality Silicone, Tight Sealing And High-low Temperature Resistant
 Sealing Performance: Tight Interface Sealing, Good Leak-proof And Anti-backflow Effect
 Usage Performance: Anti-aging, Suitable For Long-term Smoke Exhaust Use

Item#	Model	Weight	Packaging
1.5.45.00.0157	75 Caliber	1.8kg	Individual
