

Hand-Operated Oil Pump

◆ Product Description

This hand-operated oil pump is made of high carbon steel, easy to operate by hand, high extraction efficiency, can extract diesel, lubricating oil and other oils, not for water and chemical solvents.

◆ Product Advantages

- High Carbon Steel Material, Sturdy, Durable And Wear-resistant
- Hand-operated Operation, Convenient, Labor-saving And Easy To Get Started
- High Extraction Efficiency, Fast Oil Extraction
- Suitable For Multiple Oils, Extremely Strong Practicability
- Distinguish Applicable Media, Safer To Use

◆ Product Structure

It is a hand-operated structure, made of high carbon steel, with built-in oil inlet and outlet pipelines, flexible and smooth hand pressure parts, good sealing, compact and stable for oil extraction.

◆ Application Scenarios

It is suitable for factories, workshops, gas stations and auto repair shops, used for extracting and refueling diesel, lubricating oil and other oils, convenient hand operation and high efficiency.

◆ Product Data and Physical Performance

Main Material: High Carbon Steel, Sturdy And Wear-resistant

Operation Performance: Smooth Hand Pressure, Labor-saving And Convenient

Sealing Performance: Tight Sealing, No Oil Leakage

Extraction Performance: Excellent Efficiency, Fast Extraction

Durability Performance: Damage And Corrosion Resistant, Long Service Life

Item	Spec	Weight	Packaging
1.5.45.00.0159	1380mm	1.5kg	Individually
