

Cooling Long Sleeve Sun Protection Shirt (Women's)

◆ Product Description

In the season when the sun is getting hotter, an excellent sun-protective clothing is a must-have companion for men during outdoor activities. Our long-sleeved cooling sun-protective clothing is specifically designed for modern men, combining superior sun protection performance with a cool and comfortable wearing experience.

- Strong sun protection
- Cooling effect
- Breathable and lightweight
- Abrasion-resistant and wrinkle-resistant
- Flexible adjustment

◆ Product Structure

- The men's long-sleeved cooling sun-protective clothing is composed of three layers of fabric. The outer layer is a polyester fabric that is resistant to ultraviolet rays and water splashing. The middle layer is a cooling fabric containing phase change materials and breathable fibers, which can regulate the temperature. the stand-up collar is equipped with a drawstring, and the drawstring at the hem can be adjusted and is equipped with an anti-slip rubber strip. The brim of the hat is wide and the head circumference can be adjusted, providing convenience and safety for men's outdoor activities.

◆ Typical Applications

- The women's long-sleeved cooling sun-protective clothing is widely used in multiple scenarios. During outdoor sports, morning runners benefit from its breathability, lightness, and high-efficiency sun protection, enabling them to run more refreshingly while ensuring the safety of their skin. Outdoor yoga enthusiasts, on the other hand, can enjoy the advantages of its slim-fitting design, cooling fabric, and adjustable hat. Women who ride bicycles rely on its adjustable design.
