

## Long sleeve cotton jacket

### ◆ Product Description

Dedicated to smart wearables and outdoor protection, this heated long-sleeve cotton jacket features a core graphene full-area heating system, enabling 3-second rapid heating and three-level intelligent temperature control. With mid-length three-dimensional tailoring, it balances warmth and freedom of movement, while detailed designs focus on both functionality and comfort.

- Intelligent thermostatic and heating technology
- Hardcore protective fabric
- Three-level intelligent temperature control
- Long-lasting battery life
- Graphene full-area heating system

### ◆ Product Structure

- The outer layer of the fabric of the long-sleeved cooling work clothes is made of polyester fiber, which is wear-resistant, waterproof and sun-proof. The middle layer contains phase-change and breathable fibers for cooling, and the inner layer is made of cotton, which is skin-friendly and sweat-absorbent. In terms of design, the stand-up collar is adjustable, there are thumb holes on the cuffs, the two-way zipper is equipped with a windproof piece, and there are breathable mesh holes on the back. in terms of function, there are multiple pockets for storing tools, and there are reflective signs in multiple places to ensure safety in low-light conditions.

### ◆ Typical Applications

- This heated long-sleeve cotton jacket is widely used in various scenarios, with an outer layer made of nylon and an inner layer of polyester. It features a core graphene full-area heating system (covering the back, abdomen, and cuffs), supporting three-level intelligent temperature control and uniform far-infrared heating. Equipped with a 16,000mAh 5V/2A battery and triple safety protection, it adopts mid-length three-dimensional tailoring combined with a high-collar windproof stand collar for optimal warmth and mobility.

### ◆ Typical Product Data and Physical Properties

Fabric material: 100% nylon

Lining material: 100% polyester

Color: Black、Blue、Red

Sizes: S#-5XL#

Functions: Smart heating, three-level temperature control

Power bank: 16,000mAh 5V/2A
