

Air Lever

◆ Product Description

Pneumatic support dedicated air rod, flexible and stable, uniform load bearing, good sealing performance, long service life, suitable for all kinds of equipment requiring pneumatic lifting

◆ Product Advantages

- Smooth expansion and contraction
- Uniform and stable load bearing
- Excellent sealing performance
- Long service life
- Wide range of applications

◆ Product Structure

High-strength seamless steel tube is used as the cylinder body, with built-in high-pressure nitrogen, equipped with precision seals and buffer devices, with connecting joints at both ends

◆ Technical Features

Cylinder diameter: 20-50mm
 stroke: 50-300mm
 working pressure: 0.3-1.0 MPa
 bearing range: 5-50 kg
 service life: ≥ 50,000 times of expansion and contraction
 working temperature: -20-80 °C

Item#	Weight	Packing
1.2.03.06.0066	1kg	Individually wrapped

◆ Application Scenarios

Office furniture (chairs/lift tables), medical equipment, industrial machinery, automation equipment, fitness equipment, storage equipment
