

Metal foot cup

◆ Product Description

Special metal foot cup for industrial equipment, strong load-bearing capacity, adjustable height, anti-skid and wear-resistant, effective shock absorption and leveling, to ensure the stable operation of equipment.

◆ Product Advantages

- Excellent load-bearing performance
- Precise and adjustable height, skid-proof
- Skid-proof, wear-resistant and durable cross-contamination
- Good shock absorption effect
- Easy installation

◆ Product Structure

It is made of carbon steel or stainless steel, equipped with anti-slip rubber pad at the bottom, threaded adjustment structure at the top, and the body is treated with rust prevention, so the structure is compact.

◆ Technical Features

Material: Q235 carbon steel/304 stainless steel
 Bearing range: 1-5t
 Adjustable height: 10-50mm
 Bottom diameter: 80-150mm
 Thread specification: M16-M30

Item#	Weight	Packing
1.2.03.06.0142	0.5kg	Individually wrapped

◆ Application Scenarios

Production line equipment, industrial machine tools, storage shelves, laboratory equipment, printing machinery, automation equipment bottom support
