

Floor Wax Stripper

◆ Product Description

Chaobao Wax Stripper is a highly effective, eco-friendly, and professional wax removal product. Boasting strong penetration and rapid dissolution properties, it easily removes old wax and stains from various types of floor surfaces, providing an ideal foundation for floor re-waxing.

- Strong Penetration & Dissolution
- Eco-Friendly Phosphate-Free Formula
- Wide Material Compatibility
- High Efficiency, Time & Labor Saving
- Easy to Rinse, No Residue Left

◆ Product Structure

- Chaobao Wax Stripper is a well-designed professional wax removal product, whose core structure consists of a ternary composite formula of non-ionic surfactants, a strongly alkaline system, and special penetrating additives. This structural design endows it with the combined advantages of powerful wax removal, eco-friendliness, safety, and wide applicability, making it a professional choice in the field of floor maintenance.

◆ Typical Applications

- Chaobao Wax Stripper is suitable for diverse scenarios including hotels, shopping malls, hospitals, households, office buildings, and factories. Targeting the pain points of old wax, oil stains, and wear on floors in different venues, it features strong penetration and dissolution, eco-friendliness and phosphate-free formulation, wide material compatibility, easy rinsing, and concentrated high efficiency. With flexible dilution ratios and compatible tools, it can quickly complete wax removal operations. It not only meets the professional needs such as large-area efficient construction in commercial venues and sterile, eco-friendly requirements in medical settings but also adapts to the convenient operation of independent home renovation, providing a clean foundation for re-waxing all types of hard floors.

◆ Typical Product Data and Physical Properties

Model: DFF013

Appearance: Colorless or pale yellow transparent liquid

Odor: Slightly ammoniacal odor

Capacity: 3.8L/bottle

Standard Packaging: 4 bottles/carton

Key Ingredients: Non-ionic surfactants, sodium hydroxide, ammonium dioxide

pH Value: Strongly alkaline (pH > 12)

Availability:

Item#	Brand	Model	Capacity	Packaging
1.2.08.00.0014	CHAOBAO	DFF013	3.8L/ bottle	4 bottles/carton
