

Anti-Static Sealing Film

◆ Product Description

This anti-static sealing film is black pp material, with standard anti-static resistance, tough texture, good sealing performance, moisture-proof and dust-proof, effectively release static electricity for material packaging.

◆ Product Advantages

- Black Pp Material, Tough And Durable
- Standard Anti-static Resistance, Good Protection Effect
- Good Sealing Performance, Moisture-proof And Dust-proof
- Tough Texture, Not Easy To Break And Tear
- Suitable For Anti-static Packaging, Strong Practicability

◆ Product Structure

It is a pp film structure, black appearance, uniform and tough texture, anti-static performance, flat surface, tight sealing, easy to cut and use, suitable for various anti-static packaging scenarios.

◆ Application Scenarios

It is suitable for electronic factories, laboratories and electronic accessories storage, used for packaging and storing anti-static materials and electronic components, release static electricity, protect materials from damage.

◆ Product Data and Physical Performance

Main Material: Pp Material, Tough And Durable
 Anti-static Performance: Standard Resistance, Effectively Release Static Electricity
 Sealing Performance: Tight Sealing, Moisture-proof And Dust-proof
 Flexibility Performance: Tough Texture, Not Easy To Tear
 Use Performance: Easy To Cut, Suitable For Multiple Packagingc

| Item | Spec | Weight | Packaging |
|----------------|-------------|--------|--------------|
| 1.2.11.05.0129 | 5.4mm*200M | 2kg | Individually |
| 1.2.11.05.0130 | 13.3mm*200M | 2kg | Individually |
