

## Binding Strap

### ◆ Product Description

This binding strap is made of high-strength material, with excellent tensile performance, firm binding, convenient adjustment, stable locking, not easy to loosen, suitable for various item binding with wide application.

### ◆ Product Advantages

- High Strength Tensile, Not Easy To Break
- Firm Binding, Stable Locking Without Loosening
- Convenient Adjustment, Suitable For Items Of Different Sizes
- Wear-resistant And Anti-damage, Long Service Life
- Light And Portable, Suitable For Various Scenarios

### ◆ Product Structure

It is a long strip structure, integrally made of high-strength material, with a locking device at one end, flat and thick strap body, flexible adjustment, stable structure and reliable locking for item binding.

### ◆ Application Scenarios

It is suitable for logistics transportation, goods packaging, warehouse fixing, outdoor operations and home binding, used to fix various items to prevent loosening and falling during transportation.

### ◆ Technical Features

- Main Material: High-strength Fiber
- Tensile Performance: High Tensile Strength
- Locking Performance: Stable Locking
- Wear Resistance: Wear-resistant And Scratch-resistant
- Usage Performance: Flexible And Easy To Bend

Item#	Weight	Packaging
1.2.12.02.0019	20kg	Individually
