

## ESD Square Chip Box

### Product Description

This anti-static square chip box is integrally injected with black pp material, square structure with sealed cover, resistance  $1.0 \times 10^5 \sim 10^7 \Omega$ , dustproof for chip storage.

### Product Advantages

- Black PP Material, Sturdy And Durable
- Integrated Injection Molding, Good Sealing
- Square With Cover, Dustproof And Moistureproof
- Stable Resistance, Excellent Anti-static
- Regular Square Structure, Easy To Stack

### ◆ Product Structure

The whole is injected with black pp material, standard square shape with sealed cover, regular edges, uniform resistance for safe chip storage.

### ◆ Application Scenarios

It is suitable for semiconductor workshops, chip factories, clean labs to store chips, wafers and precision parts from static and dust.

### ◆ Technical Features

Main Material: Black Pp Anti-static Material  
 Molding Process: Integrated Injection Molding  
 Product Color: Black  
 Product Structure: Square With Sealed Cover  
 Static Resistance:  $1.0 \times 10^5 \sim 10^7 \Omega$

Item#	Size	Weight	Packing
1.2.15.01.0349	51*51*6.4MM	0.15kg	1pcs/bag
