

Eyewash Station

◆ Product Description

This eye washer has a capacity of 8l, designed for emergency eye protection, with soft and even water output, convenient operation to rinse eye foreign bodies quickly.

◆ Product Advantages

- 8L Large Capacity, Continuous Water Supply For Emergency Needs
- Soft And Even Water Output, Gentle Protection For Eye Skin
- Simple And Convenient Operation, Quick Start In Emergency
- Corrosion-resistant Material, Suitable For Long-term Use In Multi-environment
- Excellent Sealing Performance, Water Storage Not Easy To Leak And Deteriorate

◆ Product Structure

It is a vertical water storage structure with 8l water tank, equipped with eye washing nozzle and convenient switch, compact and stable for quick emergency use.

◆ Application Scenarios

It is suitable for factories, laboratories, chemical sites and workshops, used to rinse eye foreign bodies and chemical splashes to ensure eye safety.

◆ Technical Features

Main Material: High-quality Stainless Steel,

Corrosion-resistant And Not Easy To Rust

Water Storage Performance: 8L Capacity, Sealed

Water Storage Not Easy To Leak

Water Output Performance: Reasonable Nozzle

Design, Soft And Even Water Output

Structural Performance: Vertical Structure, Stable

And Not Easy To Tip Over

Usage Performance: Easy To Clean And Maintain,

Suitable For Long-term Emergency Use
