

Wooden Pallet

◆ Product Description

The wooden pallets are made of high-quality solid wood or plywood, featuring a stable structure, strong load-bearing capacity, and ease of forklift handling. They are suitable for use in goods storage, transportation, and turnover.

◆ Product advantages

- Strong load-bearing capacity
- Stable structure
- Easy to move
- Highly cost effective
- Customizable

◆ Product Features

Load-bearing: 500-5000kg
 Moisture content: 8%-12%
 Impact resistance
 Service life: ≥3years

◆ Product Structure

It is composed of a panel, a crossbeam and feet, and is fixed by mortise and tenon/nail joint process. The panel is flat and smooth, the feet are evenly distributed and the force is balanced.

Product code	Color	Size
1.2.15.01.0587	Beige	1200*1200*120MM
1.2.15.01.0588	Beige	1200*1100*100MM
1.2.15.01.0589	Beige	1200*1000*110MM

◆ Application Scenarios

It is widely applied in scenarios such as warehouses, logistics parks, workshops, and ports, for the stacking and turnover transportation of goods, and is suitable for the storage of all kinds of light and heavy goods.
