

Emergency Shower & Eyewash Station

◆ Product Description

The emergency shower and eyewash station is an essential device for industrial protection. It can quickly rinse the eyes and the whole body against harmful liquids and dust, promptly blocking injuries and ensuring the personal safety of workers. It is easy to operate and responds quickly.

◆ Product advantages

- One-click start, quick response
- Dual-function integrated: shower + eye wash
- Anti-corrosion and durable, suitable for harsh working conditions
- In line with international standards and meeting safety requirements
- Easy to install and simple to maintain

◆ Product Structure

It adopts an integrated structure design, featuring dual components of a shower head and an eyewash station. The main body is made of stainless steel and is equipped with an anti-slip foot switch. The pipeline is tightly sealed, ensuring overall stability and suitability for various industrial installation scenarios.

◆ Application Scenarios

It is widely applied in industries such as chemical engineering, laboratories, electronics, electroplating, and mining. It provides immediate emergency protection for workers in sudden pollution scenarios such as acid and alkali corrosion, chemical reagents, and dust.

◆ Product Features

- Shower flow rate: $\geq 120\text{L}/\text{min}$
- Eyewash flow rate: $\geq 12\text{L}/\text{min}$
- Temperature resistance: $-10^{\circ}\text{C}\sim 80^{\circ}\text{C}$
- Pressure resistance: $\geq 1.0\text{MPa}$
