

Stainless Steel Storage Box

Product Description

This stainless steel storage box is made of high-quality stainless steel, with the core feature of non-magnetic, firm and sealed structure, moisture-proof and corrosion-resistant, suitable for storing various items.

Product Advantages

- Stainless Steel Material, Sturdy, Moisture-proof And Corrosion-resistant
- Non-magnetic Design, Suitable For Special Needs
- Good Sealing Performance, Dust-proof And Pollution-proof
- Sufficient Capacity, Can Store Items Classified
- Easy To Clean And Maintain, Long Service Life

◆ Product Structure

It is a stainless steel sealed structure, made of high-quality non-magnetic stainless steel, firm box structure, excellent sealing performance, sufficient capacity, easy to clean and maintain.

◆ Application Scenarios

It is suitable for scenarios such as electronics factories and warehouses, used for storing precision components and tools, non-magnetic without interfering with equipment, moisture-proof and intact.

◆ Technical Features

Main Material: High-quality Stainless Steel
Core Feature: Non-magnetic, No Magnetic Interference

Material Characteristics: Moisture-proof, Corrosion-resistant, Sturdy

Structural Features: Sealed Design, Dust-proof And Pollution-proof

Usage Features: Easy To Clean, Can Store Items Classified

Item#	Dimensions	Weight	Packaging
1.2.15.06.0002	L1200*W400*H1800MM	30kg	individually
