

Large Suction Cup

◆ Product Description

Made of high-toughness silicone material, strong suction and not easy to leak air, suitable for flat and smooth surfaces, reusable, used to absorb and fix screens, covers and other components during electronic equipment disassembly.

◆ Product Advantages

- Material: High-toughness silicone
- Strong suction, not easy to leak air
- Suitable for flat and smooth surfaces
- Reusable and wear-resistant
- Soft, no scratches on workpieces

◆ Product Structure

Composed of silicone suction cup and plastic handle, the edge of the suction cup is smooth and sealed, the handle adopts ergonomic design, comfortable to hold, press-type exhaust, fast and stable adsorption.

◆ Application Scenarios

Mainly used for disassembly and maintenance of electronic devices such as mobile phones, tablets and computers, to absorb and fix screens and glass covers, and also for temporary fixing during handcrafting and hardware processing.

◆ Technical Features

Material: High-toughness silicone + ABS plastic
 Suction diameter: 80mm
 Maximum suction: 150N
 Temperature resistance range: -20°C~80°C
 Service life: ≥500 times of adsorption
 Core Features: Strong suction & airtight seal, flexible & non-scratching, reusable, wear-resistant

Material code	weight	Packaging	Specification
1.2.16.00.0031	0.037kg	1 piece per box	diameter 60mm
