

Alcohol Spray Bottle

◆ Product Description

Special alcohol spray bottle, made of anti-corrosion material, fine spray without droplet formation, strong sealing to prevent leakage, smooth press, and can quickly complete disinfection.

◆ Product Advantages

- Resistant to alcohol corrosion
- The spray is fine and uniform
- Sealed to prevent leakage
- Smooth pressing without any jamming
- Specialized disinfection adapter

◆ Product Structure

The body of the pot is made of anti-corrosion PP material. The nozzle is precisely designed to prevent clogging. It is equipped with an internal sealing gasket. The mouth of the pot is widened for easy filling. It is small and lightweight, suitable for various disinfection scenarios.

◆ Application Scenarios

It is used for disinfection in scenarios such as homes, office areas, hospitals, schools, and shopping malls. It can quickly disinfect desktops, hands, and the surfaces of objects. It is portable and easy to carry, and can be used at any time.

◆ Technical Features
