

Container seal

◆ Product description

Disposable anti-theft and anti-counterfeiting seals are used for locking containers and logistics containers, which are tamper-proof and easy to identify, and ensure the safety and ownership of goods throughout transportation.

◆ Product advantage

- Disposable tamper-proof
- High tensile strength
- Coding is unique and traceable.
- Quick installation and locking
- Weathering and corrosion resistance

◆ Product characteristics

Container seal 40CM

Item#	Model	Weight	Packaging
1.2.19.03.0151	40CM	0.18kg	100pcs/box

◆ Product structure

The main body is alloy lock core+plastic envelope structure, with built-in self-locking buckle and unique coding logo. If it is damaged, it will be scrapped and cannot be reused.

◆ Application scenario

Widely used in distribution boxes, control cabinets, household appliances, industrial control equipment, lighting engineering, to achieve rapid wire transfer, shunt and fixed connection.
