

Wireless Power Strip

◆ Product Description

Two specifications of national standard wireless power strips with master switch, 4-outlet and 5-outlet options, direct plug design without wiring, CCC certified, compact and portable, for quick wall outlet expansion.

◆ Product Advantages

- Two Outlet Specifications Optional
- Wireless Direct Plug Design
- Master One-Key Switch
- CCC Safety Certification
- Compact Space-Saving Design

◆ Product Structure

Adopts integrated flame-retardant engineering plastic shell, built-in integrated copper strip conductor, multiple outlets and master switch on front, compact and lightweight, plug directly into wall socket for quick use.

◆ Application Scenarios

Suitable for home and office scenarios with insufficient wall outlets, plug directly to expand outlets, provide power ports for digital devices and small appliances, flexible and convenient to use.

◆ Product Data and Physical Performance

Shell Material: Flame-Retardant Engineering Plastic

Conductive Material: Integrated Copper Strip

Outlet Specification: 4-Outlet, 5-Outlet Optional

Rated Parameter: 250V/10A/2500W

Safety Certification: CCC Certified
