

Ground Wire Assembly

◆ Product Description

Ground Wire Assembly is yellow, equipped with three side-by-side metal buckles, black ground wire with ring, wire length 3M, built-in 1 megaohm resistor, standard packaging, suitable for various grounding needs.

- 1.Yellow for easy identification
- Three metal buckles for wide adaptation
- .With ring for easy connection
- 3M long wire for convenience
- 1 megaohm resistor for safety

◆ Product Structure

- The main body is yellow, three metal buckles are arranged side by side, connected to a black ground wire with a ring, built-in 1 megaohm resistor, sufficient wire length, overall regular structure and firm connection.

◆ Typical Product Data and Physical Properties

Material: Main body PVC

Color: Yellow (Main body), Black (Ground wire)

Metal buckles: 3 pcs

Cable length: 3M

Resistance: 1 MΩ

Insulation temperature resistance: -20~80℃

Availability:

Item#	Color	Packaging	Weight
1.2.19.04.0042	Yellow	1pcs/bag	0.18kg

◆ Typical Applications

- Suitable for electronic equipment, maintenance stations, soldering stations and other scenarios, used for equipment grounding and anti-static, three metal buckles can connect multiple points, 3M long wire adapts to different operation distances.
