

## Terminal Block

### ◆ Product description

It is used for quick connection and disconnection of electric wires, with stable conduction and convenient installation, suitable for various wire diameters, ensuring safe and reliable circuit transmission, and universal for industrial home decoration.

### ◆ Product advantage

- Excellent electrical conductivity
- Convenient installation and disassembly
- Insulation is safe and durable
- Adaptive multi-wire diameter
- Compact and stable structure

### ◆ Product structure

It adopts the combination of conductive metal core and insulating shell, split buckle structure, accurate wire pressing and splicing design, which is convenient for dense wiring and modular assembly.

### ◆ Application scenario

It adopts the combination of conductive metal core and insulating shell, split buckle structure, accurate wire pressing and splicing design, which is convenient for dense wiring and modular assembly.

### ◆ Product characteristics

6-Pin Male Connector + 6-Pin Female Connector  
With Assorted Terminals

Item#	Weight	Packaging
1.2.19.04.0107	0.02kg	100pcs/box
