

PCB Storage Cart

Product Description

This PCB turnover cart has anti-static performance, made of stainless steel + anti-static ps material, with 20 l-shaped hanging baskets, special casters, qualified resistance, suitable for batch pcb turnover.

Product Advantages

- Stainless Steel + Ps Material, Anti-static And Durable
- 20 L-shaped Hanging Baskets, Suitable For Batch Storage
- Universal Brake + Directional Casters, Stable Movement
- Qualified Resistance, Reliable Anti-static Performance
- Symmetrical Hanging Basket Design, Convenient To Take

Product Structure

It is a special turnover structure for pcb, made of stainless steel + anti-static ps material, 20 l-shaped hanging baskets symmetrically distributed, stable structure and reliable anti-static performance.

Application Scenarios

It is suitable for anti-static scenarios such as electronics factories and pcb production lines, used for batch turnover and storage of pcb boards, sufficient capacity and convenient movement.

Technical Features

Main Material: Stainless Steel + Anti-static Ps Material

Hanging Basket Configuration: 20 L-shaped Hanging Baskets, Symmetrically Distributed

Caster Configuration: 2 Anti-static Universal Brake Casters + 2 Directional Casters

Anti-static Resistance: $< 1.0 \times 10^5 - 10^9 \Omega$

Hanging Basket Capacity: Each Can Hold 38 Pcs Of Pcb

Item#	Dimensions	Weight	Packaging
1.2.22.01.0012	385*675MM	8kg	individually
