

## Splicing Clip

### ◆ Product Description

The splicing clamp is specially designed for the splicing and fixation of screens and components. It holds firmly without damaging the material, is easy to operate, and is compatible with various sizes, helping to complete splicing tasks efficiently. It has an outstanding cost performance.

### ◆ Product Advantages

- It holds firmly without loosening
- Scratch-resistant without damaging the material
- Multi-size compatibility
- The operation is simple and convenient
- Strong durability

### ◆ Product Structure

Made of high-strength wear-resistant material in one piece, it features a snap-on design for easy opening and closing. The clamping force can be fine-tuned. It is compact in size and easy to store. The structure is compact and the load-bearing capacity is stable.

### ◆ Technical Features

Metal material, 4000 pieces per box.

Item Code (SKU)	Weight ( kg )	Packing Detail
1.3.11.02.0011	0.17	1pc/box

### ◆ Application Scenarios

It is widely used in the splicing of mobile phone and tablet screens, the assembly and fixation of electronic components, daily operations in repair shops, assistance on factory assembly lines, and simple home maintenance.
