

Rod Folder

◆ Product Description

The slide bar folder is a lightweight and user-friendly document organizer, featuring the core functions of quick binding, sorting and referencing without the need for hole-punching. It is widely used for storing test papers, contracts, resumes and other documents, and stands out as an ideal choice for high-frequency document handling scenarios, thanks to its advantages of low cost and easy operation.

- Hole-Free Quick Binding
- Eco-friendly & Durable Material
- Classified Organization with Colorful Slide Bars
- Universal Compatibility with Multiple Specifications
- Lightweight for Easy Carrying and Storage

◆ Product Structure

- The slide bar folder adopts a one-piece lightweight structure, with eco-friendly PP boards serving as the front and back covers, and an integrally formed transparent clamping slot on the inner side. Its core component is a retractable slide bar fitted with clips at both ends. Large-capacity models feature a dual-slide-bar design, while some variants are additionally equipped with label index bars or positioning lines for enhanced usability.

◆ Typical Applications

- With its advantages of hole-free quick binding, color-coded classification and lightweight design, the slide bar folder caters to multiple scenarios such as students organizing learning materials, office workers sorting out office documents, and education and training practitioners arranging teaching plans and handouts and meets the demands for temporary storage and convenient reference.

◆ Typical Product Data and Physical Properties

Product Material: Eco-friendly PP Board

Durability: The PP main body resists breakage even after repeated bending

Water Resistance: The hydrophobic surface of PP material provides effective liquid isolation

Slide Bar Stability: The slide bar can be retracted and extended repeatedly for ≥ 1000 times

Document Protection: The hole-free design prevents paper damage

Availability:

Item#	Spec	Color	Weight
1.3.11.11.0019	14C	Solid color	0.7kg
1.3.11.11.0020	14C	Solid color	0.8kg
