

## ESD Label

### Product Description

This anti-static label is made of yellow base self-adhesive coated paper, with glossy lamination, clear english font printing, stable anti-static performance, suitable for anti-static scene identification.

### Product Advantages

- Anti-static Qualified, Stable And Reliable Protection Performance
- Glossy Lamination, Wear-resistant, Scratch-resistant, Waterproof And Anti-fouling
- Yellow Base Color, Eye-catching, Easy To Identify And High Recognition
- Self-adhesive Coating, Firm Adhesion And Not Easy To Fall Off
- English Font, Clear, Standard And Neat Printing

### Product Structure

It is a self-adhesive label structure, with yellow base coated paper as base material, glossy lamination on surface, english font printing, self-adhesive coating at the bottom.

### Application Scenarios

It is suitable for electronics factories, clean workshops, anti-static working areas, used for anti-static identification of equipment, materials and shelves to ensure operation safety.

### Technical Features

Main Base Material: High-quality Self-adhesive Coated Paper  
 Surface Treatment: Glossy Lamination, Wear-resistant, Scratch-resistant, Waterproof And Anti-fouling  
 Anti-static Performance: Stable Resistance, Reliable Anti-static Protection Effect  
 Appearance Feature: Yellow Base Color, Clear And Eye-catching English Font Printing  
 Adhesion Performance: High-quality Self-adhesive Coating, Firm Adhesion Without Edge Warping Or Falling Off

Item#	Model	Weight	Packaging
1.3.17.01.0032	300*300MM	0.015kg	individually
1.3.17.01.0033	300*200MM	0.015kg	individually
