

## Air Batch Chute

### ◆ Product Description

Metal air screwdriver sliding groove: sturdy, wear-resistant, corrosion-resistant; smooth inner wall for smooth non-jamming slide; stable impact-resistant structure, easy installation for multi-workstations, improves industrial assembly efficiency..

- Smooth operation without jamming
- Quiet operation with noise reduction
- Stepless & free adjustment
- Durable and resistant to damage

### ◆ Product structure

- Integrally molded with a stable structure, tightly fitted without loosening, boasts impact and wear resistance, and is not easy to damage for high-frequency industrial working scenarios; convenient for installation.

### ◆ Typical Product Data and Physical Properties

Color: Off-white  
Material: Aluminum Alloy  
Length: 4 m per unit

#### Availability:

Material Code	Color	Weight
1.4.04.04.0087	Off-white	3KG

### ◆ Typical Applications

- Fits various workbenches, production lines & air screwdriver brackets; precise positioning prevents slipping/loss, dual storage & auxiliary functions; widely used in electronic assembly, hardware processing, home appliance & auto parts assembly, durable & highly practical.
