

Moisture-Proof Cabinet

◆ Product Description

DC450 moisture-proof cabinet is made of cold-rolled steel, with a large capacity of 450 L and 2 partition boards equipped. It features a multi-gear adjustable dehumidification range and precise humidity control, suitable for meeting moisture-proof storage needs in various scenarios.

◆ Product Advantages

- Sturdy and durable
- Convenient storage
- Precise humidity control
- Classified storage
- Suitable for harsh environments

◆ Product Structure

Integrally formed from cold-rolled steel, with external dimensions of W900×D600×H910 mm and internal dimensions of W898×D598×H849 mm. Equipped with two partition boards, it features a stable structure and high space utilization rate.

◆ Application Scenarios

Widely applied in electronic components, precision instruments, laboratories, warehousing and other scenarios; it effectively protects against moisture and dust, prevents items from damp damage, and adapts to various storage needs.

◆ Technical Features

Model: DC450
 Capacity: 450 L
 External Dimensions: W900*600*910 mm
 Internal Dimensions: W898*598*849 mm
 Material: Cold-rolled steel
 Dehumidification Range: 1%–60%
